Final Terms of Reference for Environmental Impact Assessment Report

Dear Ms. Kindrat:

Enclosed are the final terms of reference for the environmental impact assessment (EIA) report for Montem Resources Alberta Operations Ltd. (Montem)'s proposed Tent Mountain Project. The final terms of reference are dated May 26, 2021, and have been issued by the Alberta Energy Regulator (AER) under section 48(3) of the *Environmental Protection and Enhancement Act (EPEA)*.

The federal government may have information requirements that were not incorporated into these final terms of reference. At this time, the AER recommends Montem to contact the Impact Assessment Agency of Canada to discuss these requirements. Montem should note that the federal government information will be required before federal departments can make any decisions about the proposed Tent Mountain project.

The next step in the regulatory process is completion of an EIA report and submission to the AER for review. Please keep the environmental assessment specialist (Camille.Almeida@aer.ca) apprised of the proposed submission date for the EIA report.

Sincerely,

Rushang Joshi, P.Eng.
